Important:

We recommend buying enough yarn to complete a project. If there is a great difference between skeins, we recommend knitting two rows from one skein and two rows from another skein to give an overall blended effect.

"Manos del Uruguay's" beautiful hand-spun, hand-dyed yarns are now available in the UK exclusively from Artesano.

"Manos" was founded in 1968 by a group of women trying to find the way to promote economic and social development in Uruguay's rural areas.

The craftswomen are the owners of "Manos" and have set up a non-profit organisation with the objective of generating employment for rural women, allowing them to stay in their home towns, earn their living and develop their communities.
